SMN Industries

SMN Industries is a leading stainless steel designer sheet manufacturing company in India with 10+ years of industry experience in decorative stainless steel surfaces and architectural sheet solutions. We specialize in premium stainless steel designer sheets for architectural and interior applications, serving architects, interior designers, fabricators, and project developers across the country. With advanced colouring and finishing processes, precision-controlled production lines, and strict quality standards, we deliver high-performance decorative stainless steel sheets engineered for durability, colour consistency, and long-term surface performance. Our strength lies in combining technical expertise with design innovation — offering multiple PVD colour options and designer finishes tailored for modern luxury and commercial projects.
